# Faith for Earth:

## A Time for action

### COURSE DESCRIPTION

It is increasingly recognised that faith leaders and faith-based organizations (FBOs) are essential contributors towards attaining the Sustainable Development Goals (SDGs) and addressing environmental and climatic crises. Acknowledging this, the United Nations Environment Programme (UNEP) launched the Faith for Earth Initiative to strategically engage with FBOs, mobilise greater faith-inspired environmental action, scale-up faith actors' capacities and catalyse greater synergies between them and other stakeholders.

This e-learning course will examine the ways in which the Faith for Earth Initiative engages with faith actors and how this work is embedded into UNEP's overall strategy. It will emphasise the importance of faith and secular actors working together by drawing on the particular qualities of scientifically-guided and faith-inspired action.

Throughout, participants will explore the added value of engaging with faith actors for mutually prioritised environmental action and study examples of work already being undertaken by faith actors in this field. The intrinsic linkages between all religions and nature are highlighted, demonstrating that environmental care is a common ethical behaviour advocated in the teachings and scriptures of all the world's faith traditions.

This course is self-paced. All course components are readily available and can be completed at a time that is convenient for the participant (within a one-month period).

Please note that this course is not facilitated by a Course Team. Any specific questions can be emailed to the KAICID DKH team at [georgia.gleoudi@kaiciid.org](mailto:georgia.gleoudi@kaiciid.org) or [dkh@kaiciid.org](mailto:dkh@kaiciid.org).

### TARGET AUDIENCE AND FOCUS

This course is specifically designed for religious leaders, FBOs, civil society, non-governmental organizations, UN agencies and other multilateral institutions, government officials, policy and decision-makers and individuals interested in this field.

## ABOUT KAICIID'S SERIES OF SDGS SHORT COURSES

The practice of using interreligious dialogue (IRD) for engaging faith actors to support and promote the UN SDGs is rapidly emerging as a necessary tool for the twenty-first century education toolbox.

KAICIID online courses build the capacities of global leaders to address a number of today's most pressing challenges by developing knowledge, networks and skills.

The courses are part of an ongoing collaboration between KAICIID, UNEP, UPEACE, LWC, NMCL and ISCREB.

## WHAT YOU'LL LEARN

- To recognise the importance of engaging with faith actors in SDG implementation and environmental action processes.
- Different theological perspectives on the environment and how they can influence the ways different faith actors operate.
- The many ways FBOs can become involved with the work of UNEP.
- Some essential knowledge and resources to better equip you to address the SDGs and engage in environmental action with diverse stakeholders.

## ABOUT UNEP

The United Nations Environment Programme (UNEP) is the leading global environmental authority that sets the global environmental agenda, promotes the coherent implementation of the environmental dimension of sustainable development within the United Nations system and serves as an authoritative advocate for the global environment. Faith for Earth is a special initiative of UNEP with three main goals: 1) Partnerships with faith leaders, faith-based organizations and faith actors on environmental policies; 2) Transformation of faith assets and investments into green ones; and 3) Bridging the common understanding between science and religious teachings based on evidence. For UNEP, the integrated approach to achieving the SDGs should facilitate the integration of religious and cultural values to ensure inclusive green and transformative development through adopting lifestyles that are informed by faith-based values and behaviors to achieve sustainable consumption and production.

**Dr. Iyad Abumoghli**, Founder and Director of the Faith for Earth Initiative, has more than 35 years of experience with international organizations, the private sector and scientific institutions. Dr. Abumoghli's expertise focuses on strategic planning, sustainable development, natural resource management, knowledge and innovation. Dr. Abumoghli is currently the Lead Principal Advisor on Engaging with FBOs at UNEP. Previously, Dr. Abumoghli held several leading positions including the Regional Director and Representative of UNEP in West Asia, Director of Knowledge and Innovation at UNDP's Regional Office for the Arab states, Senior Environment Advisor at UNDP's Sub-Regional Resource Facility in Beirut, Global Practice Manager for the Energy and Environment Group in New York, and Assistant Resident Representative of UNDP in Jordan. Dr. Abumoghli holds a doctorate degree in Bio-Chemical Engineering from the University of Bath, UK, and is an outstanding graduate of the Virtual Development Academy, Johns University.

**Euan McCartney** is a Programme Management Officer at the Faith of Earth Initiative of the United Nations Environment Programme, having initially joined as an intern in October 2019. Euan holds a BA in Anthropology and International Development as well as an MSC in International Development Studies. He is in charge of producing the online learning modules for Faith for Earth in partnership with KAICIID. Euan hopes that these modules, as well as others being produced by KAICIID's different partners, will help drive greater and more effective faith engagement with the SDGs.

## COURSE DESIGN AND METHODOLOGY

This interactive digital course is specifically designed for busy professionals who do not have time to take the longer, moderated seven-module course on 'Engaging Faith Actors to Support Implementation of the SDGs'. They can now select the relevant thematic topics and modules and learn on the go. Administered through a Massive Open Online Course (MOOC) platform, this short course takes around two hours to complete and can be taken anywhere, anytime, at a pace that suits and from a phone or a computer.

## CERTIFICATION

Participants who successfully complete the course will receive a Certificate of Completion.

## HARDWARE AND SOFTWARE REQUIREMENTS

Recommended hardware and software requirements for taking our e-learning courses: Platform: Windows 10 (32-bit or 64-bit), Windows 8 (32-bit or 64-bit), or Windows 7 SP1 or later (32-bit or 64-bit), Mac OS X 10.6.8 or later. Hardware: 2.0 GHz processor (minimum), 2 GB of memory (minimum), 1 GB of available disk space (minimum), 1,280 x 800 screen resolution (minimum). Software: HTML5 and Flash compatible.

Browser: Desktop: Internet Explorer 8-10 (Flash only), Internet Explorer 11, Microsoft Edge (latest version), Google Chrome (latest version), Firefox (latest version), Safari (latest version). Mobile: Safari in Apple iOS 10 or later, Google Chrome in Apple iOS 10 or later, Google Chrome in Android OS 4.4 or later. Internet connection: 256kbps and higher. Note: In some instances pop-ups must be enabled.

**COURSE LANGUAGE: ENGLISH**  
**FEES: FREE OF CHARGE**

**DURATION: 1 WEEK**
